

PRESS RELEASE [[Publish date 24<sup>th</sup> January 2024](#)]

## Estelon Unveils Exciting New Finishes for the AURA Model

Estelon, the renowned brand of luxurious loudspeakers from Estonia, is thrilled to announce a stunning array of new finishes for its innovative AURA model (standard in a White finish). Committed to pushing the boundaries of excellence in audio design, these captivating additions will enhance the aesthetic and auditory experience for enthusiasts worldwide.

The AURA model, already celebrated for its exceptional performance and sleek design, introduces an exquisite spectrum of optional colors, including Black Gloss, Iron Grey, Starlight, Horizon Blue, and Amber Elegance. Each high-gloss finish has been meticulously hand-painted by artisan craftsmen. This diverse palette allows customers to harmonize their audio system seamlessly with their individual tastes and interior decor.

The New Optional Finishes:

- Black Gloss: A timeless, bold choice that adds a touch of sophistication to any space.
- Horizon Blue: A deep, rich hue that brings a sense of tranquility and refinement to the room.
- Iron Grey: Elegant, modern, and ideal for those seeking a sleek and versatile aesthetic.
- Amber Elegance: A touch of warmth and luxury, exuding classic charm.
- Starlight: Warm and inviting, creating a cozy atmosphere and contemporary look.

These new finishes not only elevate the visual appeal of the AURA model but also offer an opportunity for customers to express their style preferences. They exemplify the company's commitment to providing a unique and luxurious experience.

In addition to the standard and special finishes, Estelon is pleased to offer custom finishes, allowing customers to further personalize their speakers. This bespoke service caters to individuals with distinct visions, ensuring that their audio equipment aligns seamlessly with their lifestyle and aesthetic preferences. Estelon dealers shall consult with their clients and provide additional information on bespoke finish possibilities.

The AURA model with its new optional finishes is available for immediate purchase, allowing audio enthusiasts to indulge in the ultimate combination of sonic excellence and visual allure. For inquiries, please reach out to your local dealer or distributor: <https://estelon.com/contacts/>

Estelon remains dedicated to innovation and its relentless pursuit of perfection, continually pushing the boundaries of what is possible in the realm of luxury audio.
